Our Visionary & Dynamic Leader

Sir Dr. M. S. Gosavi
International Educator

VALUE EMBEDDED QUALITY PROFESSIONAL EDUCATION - A NEED

The Gokhale Education Society founded by Late Prin. T. A. Kulkarni, a great Social Worker and Leader, has emerged as a Quality and lead Education Enterprise in India because of the dynamic and dedicated academic leadership, experienced and competent staff of the Society in all its 120 and more institutions, working very hard under the stewardship of expert Heads & highly qualified, experienced and devoted team of staff-teaching & non teaching.

The College of Pharmaceutical Education & Research is further blessed by professional experts like Dr. Rahul Phate, Dr. H. L. Vinze & Dr. C. D. Upasani and is functioning under the parental care of eminent Principal Dr. S. V. Amrutkar. Our Society is extremely grateful to all these eminent personalities for their close association, timely guidance and constant encouragement & support.

This college aims at providing excellent education and training to build up quality pharmacist and health care professionals and to contribute for health research by developing class learners in the Faculty of Pharmacy to support health care system of our nation and to have active participation in drug discovery and innovative application for meeting challenges of new emerging diseases.

I wish the Institution and its students and staff very bright future.

Sir Dr. M. S. Gosavi
International Educator

Our Academic Leader

Prin. Dr. Sunil V. Amrutkar
M.Pharm, Ph. D.
(Pharmaceutical Chemistry)

I am very proud to present before you our society's efforts to start and establish well organized institute for providing health science education through University courses in Pharmaceutical Education in the holy city Nashik. The credit goes to well known quality education institute in India, Gokhale Education Society ably lead under the direction of a renowned Management Scientist, Great Scholar and Administrator Sir Dr. M. S. Gosavi and society's President, eminent educationalist Prin. S. B. Pandit.

The institute is located in the excellent academic environment and will be contributing towards the development of vision among students by interacting with experts from Pharmaceutical industries and education field.

We are committed to impart quality education with necessary skills and knowledge to our students in the best possible way to develop & enhance holistic personality of a complete pharmacist for betterment of health of our society.

- Dr. S. V. Amrutkar
Principal

VISION

To excel in pharmaceutical education and technology.

MISSION

To provide high quality pharmacy education and training to explore the students to be responsible professional pharmacist.

OUR CAMPUS

The Society has a campus of more than 43 acres in the centrally located prime area of Nashik city, with all facilities with play field Gymkhana, Bank, Parking etc. which has approaches from all parts of Nashik. This quality institution is situated on one acre piece of land, which provides healthy & holistic learning environment for students to achieve excellence as a Pharmacist and good cultured citizens.

Program Educational Objectives (PEOs)

PEO 1: Knowledge:-The Pharmacy graduates are given training in all fundamental concepts so as to acquire high technical competence in pharmaceutical sciences and technology, which shall enable them to use these tools in pharmaceutical industry and/or academic institutes wherever necessary.

PEO 2: Planning Abilities:-The Pharmacy graduates should be able to plan, intend, implement and reproduce experiments and provide solutions related to drug and dosage forms thereof.

PEO 3: Problem Analysis:-The Pharmacy graduates will be able to explore the principles of scientific problems, innovative ideas, clarity and gravitas while solving the problems and making decisions during daily practice.

PEO 4: Communication:-The Pharmacy graduates should be able to be a part of the team to communicate well with other professionals in providing medicines needed to the society with standards of professional ethics & social responsibilities.

PEO 5: Life-long Learning:-The Pharmacy graduates will be motivated to become life-long learners developing newer ideas and technologies and advancements and thus offer a leadership role in the society and be able to assess feedback effectively from others as also to identify learning needs and to satisfy these needs on continuing basis.
